MCPlayerQ.mcd

File identifier (mandatory first row):

```
* Magic Contest * MCPlayerQ.mcd * File version: 005.002 * Check sum: 10376 *
```

Empty rows are ignore as well as rows starting with double slashes (//) that can be used for commenting the file.

This file asks for updates from the NBO. If not specifically asked for, only Member header and Member info will be returned. If you want Extra info, you must ask for it. You can ask for a combination of the following:

* Update changes: All changes from a certain date (only Member header and Member info).
* Update member: Specify a number of member IDs for which Member header, Member info and Extra info will be returned.
* Update group: Specify a parameter that specifies a group of members for which Member header, Member info and Extra info will be returned.

* = Mandatory fields

File header

90 *	NBO	
94 *	Licencee	
95 *	Licence number	This field is used to verify that 94=Licencee has not been edited.
96	Licencee contact information	This field contains information entered at installation of Magic Contest. It can also be found through the Licence button in the main window. Depending on the entries, contact person, phone number, e-mail address and home page may be parts of the field.
97	Licencee e-mail address	The e-mail address to which the resulting MCPlayer file should be returned to. It is the same e-mail address found in Licencee contact information above.
98	Licencee message	Message from the licencee to the NBO.

Update changes

99	Previous update	If a date is supplied, all changes since that date are returned. The format of this date is important - it must be one that the receiver of the file can understand. The best is to supply exactly the same string that was delivered in MCPlayer at the previous update.
		If the date is empty a complete update is asked for.

Update group

80	Club	Club ID or club name.
81	District	District ID or district name.
82	State	State ID or state name.
83	Custom field	
84	Custom field	
85	Custom field	
86	Custom field	
87	Custom field	
88	Custom field	
89	Custom field	

Update member		In case a plus member is reported to an NBO, member data is supplied in sections 20-24, basically in the same format as they are reported from the NBO (see MCPlayer.mcd specification).
00	Member ID	
01	Status	0=Active. 1=Not active. 2=Deleted. 3=Deceased.

Member info

02	Last name
03	First name
05	Club name
06	District name
07	NCBO property
